3. Fiscal Year 2011 Legislative Agenda

Nancy Gainer, executive director of public relations and marketing, provided an overview of the revisions of the Maryland Association of Community Colleges (MACC) legislative agenda and their impact on HCC’s legislative agenda. She mentioned that there are no additional cuts to community colleges at the Board of Public Works meeting earlier in the day and that no more cuts are expected prior to the January legislative session.

Instead of requesting full funding of the Cade formula, MACC will instead request FY11 operating funding per FTE at the same level received in FY10. The total requested increase for Maryland community colleges will be approximately $11 million. The legislative agenda is expected to evolve as the session approaches.
Vice chair Rensin gave an overview of the November 16 legislative and community relations committee meeting and said it is essential to have board members attend the January 12, 2010, legislative breakfast to meet with the legislators.

A motion to approve the legislative agenda, based on the legislative and community relations committee approval at its November 16 meeting, was moved by Trustee Hutt, seconded by Trustee Dillow, and unanimously approved.

On November 13, the Howard County Center for African American Culture reopened its renovated space near the HCC library; she commended Wylene Burch who runs the center. She also talked about the Base Realignment and Closure (BRAC) business initiative meeting earlier in the week and commented on HCC’s involvement in providing training in response to the needs of businesses for BRAC. She mentioned that Lieutenant Governor Brown will be attending the Maryland Council of Community College Presidents (MCCCCP) meeting at HCC on November 20.

Dr. Hetherington stated that thank you letters will be sent to the legislators and members of the Board of Public Works in appreciation of their efforts to support the community colleges by not cutting our budgets further.

D. Board Member Comments

Chair Truby gave an overview of the annual board chairs’ meeting he attended at Harford Community College; he commented that Harford has taken the lead on greening the campus. He mentioned that he left the meeting feeling energized that other community colleges share HCC’s commitment to providing the best educational experience for students. He commended President Hetherington for making a presentation on the Maryland Council of Community College Presidents advocacy goal.

Trustee Esmond commented on the foundation report, emphasizing the success of the Grand Prix. She was impressed by the campaign video, which told the stories of HCC students. She commended the facilities master plan concepts and the work HCC does in the high schools.

Trustee Hutt echoed earlier comments about the campaign video and the partnerships with the school system. He suggested continuing to reach out to high school students and parents to inform them of the resources available at HCC.

Trustee Doyle also commended the programs at the high schools and commented that even high school students with high SAT scores seem to struggle with college math. He said he was intrigued with the facilities master plan and looked forward to the legislative breakfast in January as an opportunity to make the case for community colleges.

Trustee Dillow mentioned that the video footage of the Grand Prix seen at the HCCEF board meeting could be a valuable tool to market the event to potential sponsors. She said she is impressed with the work HCC does in the high schools. Dr. Hetherington discussed the semi-annual meetings that the HCC administration has with the HCPSS administration and how effective they have been with collaborating in a number of initiatives.

E. Report of the Audit and Finance Committee

Chair Truby gave an overview of the committee meeting and the report that the trustees received from the college’s salary and benefits committee. The committee recommended a 6.5 percent average salary increase; an increase to $2,700 (from $2,400) for tuition reimbursement; and an unlimited tuition waiver at HCC for dependents, spouses, and domestic partners for credit and noncredit classes. Chair Truby commented that employees did not receive a salary increase in FY10 and that student tuition has not increased for the past two years in recognition of the challenging economy and its impact on students. However, he also emphasized that in order to retain and attract quality faculty and staff, the board should consider a possible salary increase for FY11 and examine the possibility of increasing tuition reimbursements/waivers. The board discussed the economic challenges that the college will be facing in FY11. In January 2010, the administration will submit a draft budget to the board.
